Accurate audits, returned fast.

Workers' compensation and general liability premium audits for insurance carriers, done by an auditor with nearly 20 years in the field. Careful, accurate work on every audit, with about 90% returned before they're due.

Nearly 20 years
in premium audit

20,000+ audits
completed and counting

About 90%
returned before they're due

Owner-led
every audit personally reviewed

SERVICES

- **Workers' comp and general liability audits:** payroll by class, officers and subcontractors tied to 941s and the ledger; GL exposure with certificates checked
- **Physical, remote and hybrid audits**, as the policy and your guidelines require
- **Large and complex accounts:** many additional named insureds and multi-state exposure
- **Cancellation and interim audits** whenever you need them
- **Reopens, disputes and bureau test audits**
- **Audit quality review** of work by other auditors or in-house staff

HOW IT WORKS

- Send assignments by email or your vendor portal, one at a time or in bulk
- Insured contacted about 10 days after expiration on full-term audits, and the same or next business day on cancellations and disputes
- Completed on our detailed worksheet or your format, with clear notes
- Insureds helped in English and Spanish
- Returned complete and ready to bill, by email or through your portal

STATES COVERED

All NCCI states

Plus many independent bureau states such as Delaware and Pennsylvania, as well as New Jersey, New York, North Carolina and others. Not California.

INDUSTRIES

Construction trades · Non-construction contractors · Home health · Nursing and assisted living · Medical offices · Restaurants and bars · Retail and wholesale · Staffing · Hotels · Janitorial · Property management · Landscaping · Trucking · Security · Nonprofits and schools · Manufacturing

and many other industries too

DATA HANDLING

Records are used only for the audit, seen only by the auditor and the carrier, kept in password-protected systems, and retained per each carrier's requirements.
